

At China Shipping, our solid connections in China and around the globe are surpassed only by our reputation as the fastest growing container carrier in the world. Operating over 156 container vessels with in excess of 724,000 TEU space, China Shipping is constantly refining its service network, and expanding its international routes to serve customers on six continents.

China Shipping customers benefit from the company's expansive feeder services throughout China via dozens of domestic routes along the coast, the Pearl River, and the Yangtze River. Our new and growing refrigerated container service is rapidly becoming a mainstay of U.S. West Coast shippers. Professional, flexible, cost-effective and always well connected: China Shipping.

China Shipping terminal in Los Angeles, the world's first environmentally friendly green terminal - A commitment to our neighbors and our industry.

## Reliable Reefer Transport

Now with nearly 15,000 refrigerated containers (and more on order), China Shipping moves all commodities from frozen beef to fresh citrus around the globe in perfect condition. With brand new containers and vessel fleets, high sailing frequency, reliable service and more connections within China and around the world, China Shipping is a preferred carrier for temperature regulated cargo.

China Shipping reefer service combines service dependability and flexibility with aggressive pricing. Whether your cargo is cool citrus or frozen french fries, chilled apples or frozen fish, or any other chilled or frozen cargo, we have the reefer expertise and solid equipment investment to help you get to your market.
